CERTIFICATES

more than 30 certificates: certificates link
- Oracle Database Administration 2019 Certified Professional
- **React js,Udemy**

SKILLS

Front-End Development:
- Figma, HTML, CSS, JAVASCRIPT, REACT,NextJs, Bootstrap

Back-End Development:
- python && Flask,
- java && spring boot &&Microservices (Eureka, Gateway...)
- c# && ASP.NET && JavaScript && Express

Desktop Development: java && swing
Devops: CI/CD, SDLC, Git (Git Flow), Docker, ,...

Testing: Unit Testing (Mockito), Integration Testing (MockMvc, WireMock), E2E Testing (RestAssured || Postman)

Programming languages:
- C, C++ ,c#, PYTHON(NLP,Pandas..), JAVASCRIPT, ARDUINO, ,VISUAL BASIC, BASH, Java

Database management:
- MYSQL (SQL), ORACLE (SQL/PLSQL), SQL, SERVER (SQL,tSQL),H2, Mongodb, PostgreSQL
- **Data engineering :**
Data warehouse (medallion architecture), Power BI, Talend, **ETL**
- Big Data (Hdfs,MapReduce , Pig , Hive...)

AI :
- Proficiency in Python for AI (libraries: Pandas, Scikit-learn, Joblib, etc.)
- Design,training and evaluation of the ai models (SVM, DT, BN, NB, etc.)

Principle of Software Engineering:
- Data structures and algorithms:
  - Problem solving
  - SOLID Principles
  - Conception(UML/Merice)
  - project management (Scrum/jira)

LANGUAGES

English : **C1**   French: **B2**   Arabic: **C2**

HOBBIES

- Technological exploration, artistic creativity
- Outdoor activities, Online community,leadership
- Montage vidéo

Profile

Final-year Software Engineering student and Tech Lead at INTELLCAP, specialized in Microservices, DevOps, and System Design. Experienced in technical leadership and delivering scalable solutions; **I will soon begin my Java & Microservices Internship at Capgemini TS, where I will gain hands-on experience in enterprise-grade software development**

Education

October 2021- Present   Moroccan School of Engineering Sciences (EMSI):

Computer and Network Engineering Engineer - 2021 to 2026

October 2020-2021   Chkail School Group (AIN ATIQ)

Baccalaureate in Experimental Sciences - Physical Sciences Option

Professional experiences

Entrepreneurship && Freelance

INTELLCAP SARL MOROCCO · December 2024- Present
- **Location**: Rabat, Morocco
- **Poste**: Tech Lead | Entrepreneur | Recruiter
- **Missions** :
  - Management of innovation projects (Web, AI, Data, Quantum)
  - Recruitment Manager: +70 recruitments, +1500 internship applications processed.
