CERTIFICATES

more than 30 certificates: certificates link
- Oracle Database Administration 2019 Certified Professional
- **React js,Udemy**

SKILLS

Front-End Development:
- Figma, HTML, CSS, JAVASCRIPT, REACT,NextJs, Bootstrap

Back-End Development:
- python && Flask, java && spring boot && c# && ASP.NET && JavaScript && Express

Desktop Development:
- java && swing

Devops:
- CI/CD, SDLC, Git (Git Flow), Docker, ,...

Programming languages:
- C, C++ ,c#, PYTHON(NLP,Pandas..), JAVASCRIPT, ARDUINO, ,VISUAL BASIC, BASH, Java

Database management:
- MYSQL (SQL), ORACLE (SQL/PLSQL), SQL, SERVER (SQL,tSQL),H2, Mongodb, PostgreSQL
- **Data engineering :**

Data warehouse (medallion architecture), Power BI, Talend, **ETL**
- Big Data (Hdfs,MapReduce , Pig , Hive...)

AI :
- Proficiency in Python for AI (libraries: Pandas, Scikit-learn, Joblib, etc.)
- Design,training and evaluation of the ai models (SVM, DT, BN, NB, etc.)

Principle of Software Engineering:
- Data structures and algorithms:
  - Problem solving
  - SOLID Principles
  - Conception(UML/Merice)
  - project management (Scrum/jira)

LANGUAGES

English : **C1**   French: **B2**   Arabic: **C2**

HOBBIES

- Technological exploration, artistic creativity
- Outdoor activities, Online community,leadership
- Montage vidéo

About Me

I am Ayoub Majjid, a fifth-year student in Computer and Network Engineering at EMSI. Passionate about innovation and software development and Devops practices, I have acquired solid experience through personal projects and internships at Poste Maroc, CNIPE and INTERLAAP,

Currently, I hold the position of Tech Lead and Entrepreneur at Intellcap, where I lead three innovation projects with the goal of transforming them into impactful and scalable startups. I enjoy supporting teams from idea to implementation.

I am currently looking for a Pre-Employment Final Year Project (PFE) internship as a software engineer & DevOps in order to put my skills to work on innovative projects and contribute to the creation of ambitious technological solutions.

Education

October 2021- Present   Moroccan School of Engineering Sciences (EMSI):

Computer and Network Engineering Engineer - 2021 to 2026

October 2020-2021   Chkail School Group (AIN ATIQ)

Baccalaureate in Experimental Sciences - Physical Sciences Option

Professional experiences

Entrepreneurship && Freelance

INTELLCAP SARL MOROCCO · December 2024- Present
